## YINGLI MISSION SOCIETY

### Organization Background:

The Yingli Mission Society (YMS), a non-profit making organization formed by a group of likeminded people from medical, sociological, educational and theological background who shared a dream to work on a people-centric model of development in areas of public health, education, women empowerment, community development and social welfare with dream, hope and vision for the future. The future where our needy friends are respected and cared for, the future where equal opportunity is given to all and a society with fullness for living our life.

Since its inception, in our own small way, the YMS has been supporting hundreds of downtrodden people by extending care and support, encouraging people to good health, providing initiatives for rural self sufficiency by income generation and socio-economic upliftment programs, addressing among the mass the need to preserve healthy environment and sensible use of resources at hand, etc.

### Vision:

YMS envisions a society where the sustainable opportunities are ensured for the poor and marginalized.

## Mission Statement

Our mission is to evolve self-confidence among the youth, women, students and public for sustainable approach to livelihood through creation of awareness and income generating activities, career guidance, counseling and training programs etc. Equipping them through skill development programs, educating them for the welfare of society and by living as an exemplary in constructive work to their fellow being, wellness of society as a whole. Given an opportunity every individual have potential and skill which can be explored and developed for purposeful living and sustain society for more challenging responsibilities through a holistic approach and human resource development.

## Area of Operation:

The organization will be operative around the State of Nagaland in general and the Longleng district in particular.

## Aims & Objectives:

- ☞ To promote sustainable livelihoods for vulnerable communities through microcredit and self- help concept;
- ☞ To facilitate sustainable agricultural practices for economic enhancement of small and marginal farmers;
- ☞ To facilitate the flow of services, products and resources from the Government to the communities;

- ☞ To develop sustainable human resources and leaderships skills;
- ☞ To prevent the spread of HIV and AIDS through targeted interventions, community sensitization, advocacy and risk reduction services;
- ☞ To provide appropriate and adequate care and support services towards general population, PLHIV, drug users and their co-dependent.
- ☞ To safeguard and promote the sustainable use of natural resources.

## Ongoing Programs:

☞ Vitamin Angels Program –  
The aim of the program is to reduce under-five child morbidity and mortality in at-risk population by providing children with the necessary vitamin A supplement in partnership with Vitamin International.

☞ Targeted interventions (TI) –

It is Prevention interventions that specifically address HRGs (Injecting Drug Users and their Sexual Partners) who are at risk of acquiring or transmitting HIV infection. The central purpose of TIs is to prevent transmission of HIV.

☞ Opioid Substitution Therapy (OST) –

To improve the quality of the life of IDUs by stabilizing them and to transition them from the injecting mode of drug administration to non-injecting, thus preventing HIV and other blood borne viruses.

☞ Destitute Welfare Program –

To provide holistic development to the vulnerable, less-privileged and enhance their standard of living through providing health care services, supply of clothes etc.

☞ Staff Capacity Building –

YMS believes that staffs are the pillar of the organization and so we value strengthening their capacity through various in-house trainings in regular basis. Besides, staffs are also sent for exposure visits, outdoor trainings, workshops organized by partner NGOs/Agencies within the State and outside. As a result the performance and skill of staff is enhanced.

☞ Program for PWDs –

The YMS is dedicated to work for the welfare of the persons with disabilities (PWDs), who are often pushed into the most vulnerable position. YMS envisions a society, where PWDs fully and equally participate regardless of their inability and create platform to support them through sensitization and awareness programs, formation and promotion of support group like friends and parents association, connect them to different Govt. Departments / Institutions for necessary support.

☞ Environment Awareness Programs –

Considering the seriousness of the issue of global warming, the YMS work closely with VDBs, Youth Clubs, Students and Self Help Groups through
